

Holy Spirit

Welcome (10 mins)

How do you think of Holy Spirit? What mind associations do you make?
If you visualise Holy Spirit - what do you see?

Worship (20 mins)

Holy Spirit is always with you, a comforter / helper. Thank Holy Spirit for being with you at all times. Take turns in prayer.

Word (40 mins)

Holy Spirit within us. Read John 7:38-39 - streams of living water.

What does this mean? Streams from where? Link to Ezekiel, river of God, from God's throne?

What implications does this have for our lives? I.e. keep receiving from God, keep giving out, not dry times but brimming over.

Witness (20 mins)

Holy Spirit is upon us in His fullness and power. Came upon apostles like fire - changed their lives and the lives of the people around them: healing, revelation of truth, freedom. Pray that Holy Spirit may come into our situations at work / social / territory / oikos with power. We want to be available.

ACTION: make paper flames - write name of person or situation and ask Holy Spirit to move there.

There are 3 levels of relationship Holy Spirit has:

- with us
- within us
- upon us

Our challenge is to partner him / befriend him more.
