

Cell Values – Spirit Empowered

Welcome (10 mins)

Share in the group any supernatural experiences you have had - preferably more recently.

Worship (20 mins)

Get the group to close their eyes and to listen to a passage of scripture. Encourage them to listen, to imagine the situation that is happening as if they were there and see if anything 'jumps out' at them. Ask someone to read Acts 2:1-9; 12-21 (Holy Spirit comes at Pentecost) - not too quickly and with some energy. You may want to have some music on quietly. After the reading, ask people to share what God said to them.

Word (40 mins)

PRESENCE: Read: Romans 8:13-17; Galatians 4:4-7

Who does the Holy Spirit confirm that we are?

As a group share ideas about the characteristics of a good parent and what they would do for their children & then the benefits of being an 'heir'. Help people to make the link between these things and who we are in Jesus. We are GOD'S KIDS awaiting an awesome inheritance! Does anyone struggle to know that they belong to God?

POWER: Read: John 16:12-15 (The Message is quite clear on this!!)

The role of the Holy Spirit is to take from what Jesus has and give it to us - wow! Jesus said we would do greater things than him (John 14:12). What things do we want from Jesus? Why do we want them? (John 16:14)

PURPOSE: Read Acts 1:8

What do people believe God wants to do in your local area? (Has anyone had any dreams about the area or know what the strongholds are? - You may need to do some research on this) Try and paint a picture together of how God wants to transform your area. Let this stir faith in you!! Hebrews 11:1 *"Now faith is being sure of what we hope for and certain of what we do not see."*

Cell Plan

Witness (20 mins)

C.S.Lewis said once that we do not pray to change God but to allow God to change us. We are often the answer to our own prayers. What are people asking the Holy Spirit to do?

Each of us has the Spirit living inside of us - are we prepared for God to do his work through us? Pray for each other to receive and know more of God's intimate presence, to release more of his power and accomplish his purposes further through each of us.
