

Cell Values - Every member involved by using their God-given gifts

Welcome (10 mins)

Go round the group and ask people to share one good thing they have done this week and the biggest thing God has done for them this week.

Worship (20 mins)

Get the group to brainstorm things that Jesus did whilst on earth - you may want someone to write these things down (e.g. miracles etc.) Can anyone share how this same Jesus who is alive today has done anything similar (to what has been written down) in their life in the past 6 months.

Word (40 mins)

Give people 5 minutes to write down (or think of) all the gifts/talents/skills that God has given them personally (avoid pride and false humility!)

Read 1 Corinthians 12:4-7

Now share what some of the gifts you have written down are.

- Why does God give us gifts? (Read Eph 4:7-16 from the Message *'Out of the generosity of Christ.... (read until)robust in love.'*)
- What stops us from using our gifts? (Fear, false pride, apathy?)

1. Forget about and let go of past mistakes. Failure is a firm stepping stone to success.
2. Identify & get rid of negative thinking e.g. 'I can't do that.'
3. Use what you know you have. If use the little then God releases more.
4. Picture yourself doing what you haven't done before.
5. Confess and speak out the truth: 'This is what God has said.' (E.g. prophetic words and promises).
6. Just do it.
7. Ask for more.

Pray in groups of 3 for God to help each person onto the next step.

Cell Plan

Witness (20 mins)

How can you use your God-given gifts to reach out to your friends? Pray for opportunities to do this, not forgetting to ask God that these people will know the greatest gift of all - Jesus.
